They shall be designated by their Federations; the anglers who belong to the teams of national Federations must hold the same nationality as their Federations.

All supporting documents shall be produced at the 1st team managers' meeting.

Any angler who has already participated in a World Championship or in any international competition representing a Nation, shall not be allowed to compete for any other Nation.

Only teams that are members of the national Federations shall be allowed to take part in World and Zone (Europe, etc.) Championships.

In order to apply to organize a championship, the Nation under consideration must have participated at least once, over the previous three years, in the championship that they wish to organize.

A preliminary programme shall imperatively be sent to F.I.P.S.e.d.'s Secretariat before the **31st October** of the preceding year.

With the exception of the World Fishing Games, F.I.P.S.e.d. is officially tasked with providing the printed material, certificates and rankings for the awarding of prizes for all championships; therefore, the organizing Nation shall pay for all board and lodging expenses (room, meals and closing gala dinner) of the person performing such tasks. Said person's stay may begin on the eve of the first day of practice and end on the day after the closing dinner; F.I.P.S.e.d. shall pay for the relevant travelling expenses.

For all F.I.P.S.e.d. championships, the organizing Nation shall cover all board and lodging expenses (room, meals and closing gala dinner) for two members of F.I.P.S.e.d.'s Executive Committee, and for the person in charge of the rankings; their stay may begin on the eve of the first day of practice and end on the day after the closing dinner.

No championship organization shall be entrusted to a Nation if that Nation does not undertake to put live fish back into the water after they have been measured (it is forbidden to kill fish).

The Nation organizing a World or Zone Championship shall be responsible for procuring the trophies, which will be paid for by F.I.P.S.e.d.; the organizing Nation shall envisage 3 trophies for the team competitions, 6 trophies for the "pair" competitions and 2 trophies for the "pair" who has caught the biggest fish. F.I.P.S.e.d. shall refund a maximum amount of € 550 for 11 trophies. Such trophies shall feature a plate, carrying a "F.I.P.S.e.d." engraving or F.I.P.S.e.d.'s logo as well as the place and date of the championship. An invoice will be required in order to prove trophy-related expenses. If the aforesaid provisions (concerning the plate/logo) are not complied with, F.I.P.S.e.d. shall not reimburse any money. F.I.P.S.e.d. shall provide the medals.

Programmes and invitations for all championships shall only be sent to Nations that are members of F.I.P.S.e.d. (no invitations shall be sent to clubs or individuals).

- 3-** Each C.I.P.S. member Nation shall be allowed to present one team only, composed of 2 "pairs" of competitors. Depending on the capacity of the boats, the competitors of a "pair" may fish together on one boat or separately on two different boats. Maximum 2 reserves will be allowed for each Nation. If an angler is replaced, the substitution shall be final.

No competitor shall be allowed to participate as an individual.

Before the beginning of each leg, the team managers shall be entitled to replace competitors, by selecting them among the one included in the relevant championship participation list. It shall be possible to replace one or two members of a "pair". It shall also be allowed to replace two competitors belonging to two different "pairs" with the two official reserves. Maximum two changes shall be allowed.

In the event of any injury during a competition, the regular participant may be replaced by one of the reserves designated in official documents, with the possibility of replacing fishing tackle. Angler substitutions shall be authorised by a jury member.

- 4-** Competitions shall be organized at watercourses, such as rivers, canals, or at suitable stretches of water, such as lakes etc.; it must be possible to fish along the entire width of the venue. The fishing area selected for the competition shall be specified in the program, and the competition shall actually take place right at the indicated venue.
- 5-** The venue shall not expose the competitors or the spectators to any kind of danger.

One or more members of the Technical Commission or a competent delegate shall inspect the venue that may be selected for a championship, and said inspection shall take place at the same time of the year as to that proposed for the organization of the competition under consideration. F.I.P.S.e.d. shall pay for the travelling expenses (including flight and train tickets or car) of the Technical Commission's member(s), while the organizers shall cover all transfer costs from the airport or train station, and will pay for accommodation and meals. A report of the inspection shall be submitted to the Executive Committee of F.I.P.S.e.d. for evaluation and approval. The final decision on the approval or rejection of a venue by F.I.P.S.e.d. shall be communicated to the candidate Nation.

With regard to accommodation, participating Nations shall have two options:

1- Opting for the official accommodation proposed by the organizing Nation (optional). In that event, the organizing Nation shall clearly indicate the terms and conditions for the stay, including:

- The half-board price per night per person for, depending on the number of persons sharing each room, regardless of the duration of the stay (full board cannot be mandatory); the participating Nation shall specify the dates of their anglers' stays (the term "official stay" used by many Nations, starting on Thursday, has never appeared in any regulations, and therefore should not be used);
- The price of the closing gala dinner.

The accommodation terms proposed to the Nations shall first be approved by the Technical Commission.

2- Selecting their hotels by themselves.

If this is the case, participating Nations shall be required to communicate their accommodation-related choices to the organizing Nation upon registration (in the official registration form).

In both cases (participation through or without the help of the organizers), the registration fee is € 1150, which includes 8 closing gala dinners and 6 fishing permits for the whole duration of the championship (the period of practice and the competition itself), insurance and sundry expenses such as gifts, cups, trophies, etc..

For the closing gala dinner, be it a dinner with table service or a buffet dinner, participating Nations shall be assigned a number of seats corresponding to the number of gala dinner seats they reserved.

If no details about the accommodation are provided by the deadline set by the organizers, the participating Nations shall imperatively have to book their accommodations themselves and shall still pay € 1150 to the organizers.

Any Nation that undertakes to take part in a championship by filling in the relevant registration form but does not show up, shall, in any case, pay the contribution of € 1150 to the organizing Nation. Nations failing to comply with this provision shall be forbidden from taking part in and organizing future championships.

All Nations shall communicate their arrival dates to the organizing Nation at least one week before the first training day. Any absent Nation (that has not arrived) in the last training day shall be considered as a WITHDRAWING Nation and shall not be allowed to participate in the championship (see penalties under article 38 § c).

Together with the event programme, the organizing Nations shall provide a list of hotels, lodgings, rooms and campsites located within a 20-km range from the venue.

The organizers shall see to it that all registration forms are duly filled in and carry the mobile phone numbers of one delegate and one team manager. Addresses and emergency telephone numbers (police, fire-fighters, hospitals, etc.) shall be provided in the program leaflets.

Any Nation requesting rental boats, but not showing up at the championship venue, shall anyway pay the rental fee to the organizing Nation. Nations failing to comply with this provision shall be forbidden from taking part in and organizing future championships.

The "Carnivorous artificial bait boat angling" World Championship shall take place between September 15 and October 15. The dates should be decided also considering the "Carp Fishing Championship", so that the two championships do not take place at the same time.

- 6- The waterbody surface required for a competition shall be of at least 30,000 m²/boat (e.g.: 10 Nations, 10 boats = water basin of at least 300,000 m² (30 hectares); 10 Nations, 20 boats = water basin of at least 600,000 m² (60 hectares)).

For instance, with 10 participating Nations, the boats shall be numbered as follows: from A1 to A10 and from B1 to B10).

Lots shall be drawn so as to attribute a boat from each of the two groups A, and B to the two "pairs" of each national team. No lot-drawing shall be required for the boats belonging to the competitors or rented directly by the latter, which shall be utilised by the respective owners or lessees, who participate in the competition. Such boats shall be attributed the numbers that have not been given to the boats made available by the organizers.

- Various information about the progress of the championship.

As a general rule, there shall be a 5-minute time interval between the departures of each group. Depending on the venue, the organisers shall decide upon the departures, in concert with the International jury.

There shall be a 10-minute time interval between the arrivals of each group; group A shall arrive first, followed by group B.

The organizers shall draw up a departure list and give it to all participants.

Subsequent meetings - During the competition, depending on the issues to be discussed, daily meetings shall be summoned by the organisers (time to be determined by the organizers).

- 12-** Anglers shall exclusively perform no-kill angling. **Using any type of artificial lures shall be allowed (including drop-shot, Carolina rig, etc.).** “Fly” and “aquatic larvae” imitations are prohibited. In order to weigh down artificial elastic bait, lead-headed hooks only may be used. Apart from head leads and from the leads on the body of the line, the hooks shall be barb-free (barring F.I.P.S.e.d. exceptions, especially for fishes other than trout) and “bare”. Artificial bait may feature a single, double or triple hook, with up to 3 hooks (pork rind is allowed).

The steward shall check that compulsory life jackets are properly worn when sailing with heat engine boats. It shall also be compulsory to wear life jackets when angling in bad weather conditions (rain, wind). Only electric engines may be used during the angling activities.

- 20- The distance between boats shall be of at least 50 metres (both during angling and when navigating near another "pair"). Should any boat be in its fishing position in an area that is less than 50-metre wide, the relevant angler shall stop fishing in order to let any other boat pass through.

The roll shall be called, the general steward shall tell the exact time, so that both the stewards and the anglers may synchronise their watches. Then, the anglers shall be allowed to get on-board their boats, and shall line up at the start. A second signal shall be given for the boats to start heading to the angling area.

- 26- If a boat gets to the finish with a delay of less than 15 minutes, the "pair" involved shall get 2 penalties. Any "pair" arriving with a delay of 15 minutes or more shall be ranked last for the relevant leg.

TRAINING

- 44-** a) Official training shall take place at the official venue.

Training shall only be allowed without a steward if one of the anglers has a boat operator's license, if required by the laws of the organising Nation.

Training shall be organized so as to offer equal conditions to all anglers (with or without stewards), regardless of whether they use personal boats, rental boats, or boats made available by the organizers. Should training without stewards be envisaged, there shall anyway be one person onboard holding a boat operator's license.

b) The official venue shall be organized as follows:

- 1) Fifteen-day absolute closing before the first training day **for all the members of the participating official delegations**. During such 15 days, training at the venue shall be forbidden for all Nations in the entire area chosen for the championship; the anglers shall not be allowed to sail on the venue waterbody in the 15 days prior to the competition, even without their angling gear. It is forbidden for the organizing Nation to organize any competition during the aforesaid 15 days.

Apart from the closing period, the venue shall be made available for regular visits and fishing [local closing periods and special fishing conditions (fishing permit) shall be abided by]. Should the venue be always closed to fishing, it shall be made available on at least 2 weekends (the dates shall be specified in the programme).

All participating Nations shall be provided with a document carrying the technical specifications and information concerning the venue.

RULES IN THE EVENT OF A THUNDERSTORM

-46- 1- WHEN A THUNDERSTORM BREAKS OUT BEFORE OR DURING PREPARATION

A signal shall tell the anglers that they are required to get off their boats, and the competition start shall be delayed. If the weather conditions and the competition schedule allow, the leg may be regularly performed. In that event, a second signal shall indicate the start of the leg.

If the weather conditions do not improve or the competition schedule does not allow, the leg shall simply be cancelled. The cancelled leg shall not be considered when making the rankings, which shall be established based on the results of the held leg(s). The cancelled leg shall not be held at a later stage.

2- IF A THUNDERSTORM BREAKS OUT DURING THE LEG

The competition shall immediately be stopped and the rods shall be placed horizontally in the boat area at the opposite end from the anglers. The competition stop signal shall be given by the jury to the stewards by radio, by telephone, or by launching one or more signal rockets.

Should the swell be such as to endanger the boat crews, the stewards – again, following the jury's instructions – shall immediately order their crews to reach the closest landing spot and wait there for a possible leg resumption signal.

If the weather conditions allow, the jury shall authorise the resumption of the leg through the afore-mentioned communications systems and through the relevant stewards.

The jury may shorten the duration of a leg if the competition schedule does not allow angling for 6 hours.

A leg shall be validated if it lasted at least half of the time envisaged for the whole leg.

Should the weather conditions not allow to duly carrying out a competition, the jury may decide to cancel one leg. Said leg shall not be postponed and the ranking shall be drawn up based on the leg(s) that was/were actually carried out. The cancelled leg shall not be held again.

ANTI-DOPING CONTROLS

-47- F.I.P.S.e.d. adopts the World Anti-doping Code applied by C.I.P.S..

During a championship, the anglers selected to undergo anti-doping controls shall imperatively go to the designated place at the indicated time, following F.I.P.S.e.d.'s or the jury's guidelines. Any angler selected to undergo anti-doping checks who does not report for the controls shall be disqualified from the competition and shall be given a penalty **corresponding to the bottom rank in the ranking + 1, for all the competition days he participated in.**

Organizing Nations shall cover all anti-doping controls costs. **All contacts with the NADO (National Anti-Doping Organization) of each Nation shall be exclusively kept by the organizers of the championship under consideration.**
